## INTRODUCTION

This report presents final population counts of the 1961 Census distributed by federal electoral districts in each province, and showing the counties, cities, towns, villages, municipalities, townships, Indian Reserves and unorganized areas within each district.

The electoral districts for all provinces in these tables are as constituted under the terms of the Representation Act of 1952. Population totals from the Census of 1956 are given for comparative purposes.

More detailed population distributions by geographical areas are contained in this report for several of the provinces than appear in Reports 1.1-2 to 1.1-5. (See back cover.) For example, population totals in Manitoba, Saskatchewan and Alberta are given for individual townships within each electoral district (i.e., by township, range and meridian). Similarly, the totals for districts in Northern Quebec and Ontario show distributions for unorganized townships and other parts not listed separately in the aforementioned reports.

The following statement provides a summary of the population totals at the 1961, 1956 and 1951 Censuses, showing the number of federal electoral districts in each province.

Le présent rapport donne le chiffre définitif de la population au recensement de 1961 suivant les districts électoraux fédéraux de chaque province et suivant les comtés, cités, villes, villages, municipalités, townships ou cantons, réserves indiennes et régions non organisées de chaque district.

Dans les tableaux, les districts électoraux de toutes les provinces sont tels qu'ils ont été établis subordonnement à la loi de 1952 sur la députation. Pour fins de comparaison, on donne aussi la population au recensement de 1956.

Le présent rapport contient des répartitions plus détaillées de la population par région géographique dans certaines provinces que les rapports 1.1-2 à 1.1-5. (Voir la couverture arrière.) Par exemple, pour le Manitoba, la Saskatchewan et l'Alberta, on donne la population de chaque township des districts électoraux (i.e. par township, rang et méridien). De même, dans le cas des districts du nord du Québec et de l'Ontario, on donne la population des cantons ou townships et autres parties non organisés qui ne figurent pas séparément dans les rapports ci-dessus mentionnés.

L'exposé suivant donne les chiffres sommaires de la population aux recensements de 1961, 1956 et 1951, ainsi que le nombre de districts électoraux fédéraux par province.

## REPORTS OF THE CENSUS OF CANADA, 1961

This report is one of a series comprising Volume I (Part 1) of the 1961 Census. (See outside back cover for other Volume Series.) Reports in these series are so prepared that, by removal of the covers, the contents can be combined to form the materials of each census volume. A hard-covered binder, suitably titled, is supplied to purchasers of the complete set of reports for any given volume.

Individual reports of Volume I (Part 1) are listed below. They can be ordered singly by catalogue number, or the complete set including the cover binder at a composite price of \$6.00. Orders may be sent to **Publications Distribution, Dominion Bureau of Statistics**, or to **Superintendent of Publications, Department of Public Printing and Stationery, Ottawa**. Regulations require that remittance be made prior to the mailing of reports, in the form of a cheque or money order payable to the **Receiver General of Canada**. Orders for reports not yet released will be filled as soon as they become available.

A brochure is available listing the individual reports for other Volume Series of the 1961 Census, as well as special reports, etc. For a copy of this brochure, or for further information on census publications, address your inquiry to the **Information and Public Relations Division, Dominion Bureau of Statistics**.
